

Rustic Wheelbarrow Card Instructions

Robyn Cockburn 2014

purchased from www.craftsuprint.com

These designs & more available at <http://www.craftsuprint.com/robyn-cockburn/>

1. Print all of the sheets. I used 180gsm matte photo card stock for the 2 main sheets. I used plain paper for the backing paper but card stock would also be good. The finished card is approx. 15cm high by 19.5cm wide.
2. Cut the pieces out. Only roughly cut around the main barrow pieces.

3. Glue the barrow pieces to the backing paper and then finish cutting out.

4. Score the fold line marked on the card back. There is NO fold in the front.

5. Attach the front to the back ONLY on the section to the left of the fold – ie. The wheel and just above it.

6. Line up all of the edges when you attach.

7. Attach the message plaque inside the card.

8. Attach the decoupage layers with foam tape, starting with the largest group of flowers and finishing with the smallest.

9. I backed the greeting label with the blank label..

10. Attach the greeting label either with ribbon or tape.
