

Instruction for Lantern Card

NOTE: For safety reasons DO NOT USE a regular candle
Only an LED Tealight should be used.

1. Cut out the template around the solid lines, including the parts of the window
2. Score & Fold sections to make a square.

3. Score & Fold the tabs on each end.

4. Glue and match to corresponding tab. Trim if desired.
5. You should now have a square box.

6. Gently mountain fold the top tab on two of the flaps (this is where your ribbon will go.)
7. Gently fold the top flaps. Do not use a bone folder as you want the flaps to stick up.
8. Tie your ribbon into a bow which will hold the two flaps together. Tuck the two remaining flaps under the ribbon.

9. Attach your tag, make your envelope and you are done.
10. Folds Flat for mailing.
