

Woolly Hats Easel Card Mini Kits

Instructions

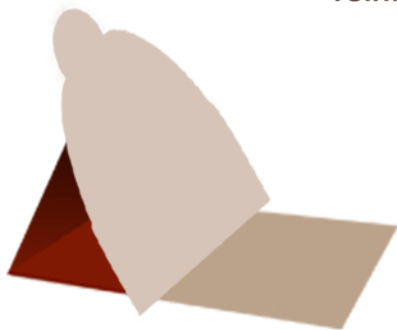

designed by **Mary MacBean** exclusively for www.craftsuprint.com

These instructions are for the Christmas Hats and the Football Hats which are made in exactly the same way.

Print the 2 sheets onto medium to heavy weight card or photo paper. Cut out all pieces

Alternatively, use a toning coloured card to reinforce the base.

Attach the card front (the hat) to the folded-over front of the easel, matching the bottom edges and making sure only the lower part of the hat is attached to the easel.

Starting from the largest piece and building up to the smallest, attach the decoupage to the card front, matching the design.

Using sticky pads or silicone glue for depth, attach the stopper / sentiment tag centrally to the base of the card. This will stop the front of the card from slipping forward and allow it to stand up.

Tip - as an alternative to the decoupage bobble, use a purchased pom-pom or make one yourself using scraps of wool.
