

Tryptich Tutorial

purchased from www.craftsUprint.com Designed by Diane Hannah

Gather materials, seissors, double stick tape, ds foam dots, card blank, bone folder.
Print sheet, and cut out all elements.
If you would like a personalized sentiment type it on the tag before printing.

Attach card base to card blank (I used a light pink with a chocolate brown border.

Using DS foam dots attach each frame to the matching image on the card front.

To finish I added 3 small pearl halves to the ribbon, and a medium pearl half to each corner
