

Sideways Easel Card Instructions

Robyn Cockburn 2013

purchased from www.craftsuprint.com

These designs & more available at <http://www.craftsuprint.com/robyn-cockburn/>

1. Print both of the sheets. I used 180gsm photo card stock for both sheets for the card. The finished card is approx. 5" x 7".
2. You will need 2 pieces of colour coordinated 5x7 card stock.
3. Cut the pieces out. NOTE that you can make this design up as a normal card rather than an easel. In this case you would need a 5x7 card blank to attach the front and the insert to.

4. To make the easel base, fold card base in half and then fold the left in half again, as shown in the photo.

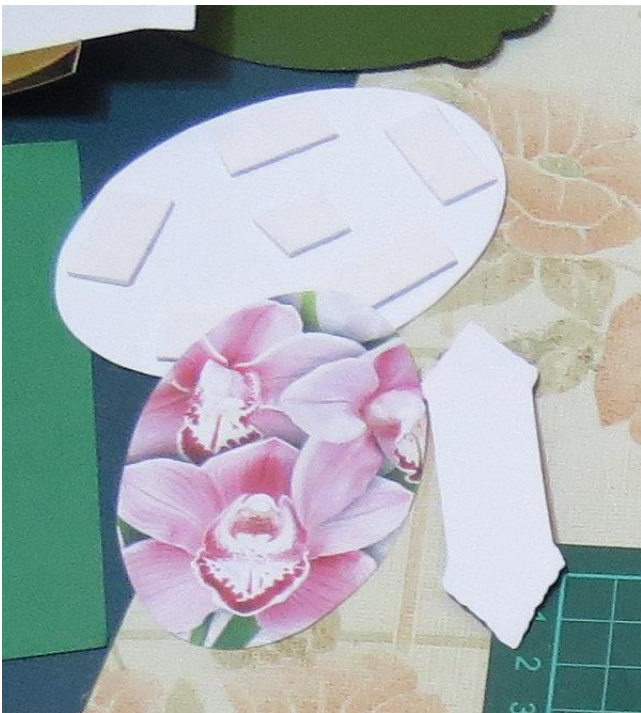

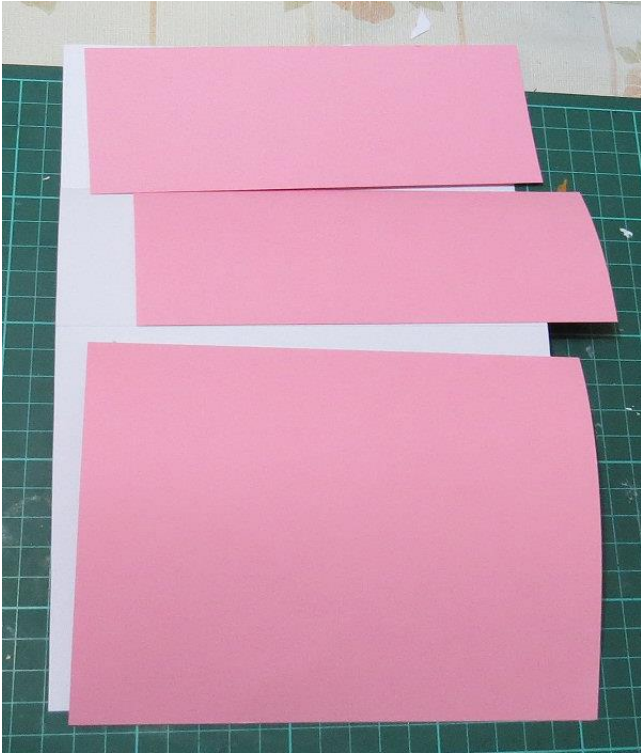

5. Attach half of the card front to the folded right half of the insert (wrong sides together).

6. Attach the stopper bar using thick foam tape.

7. Attach the blank card pieces to the back.

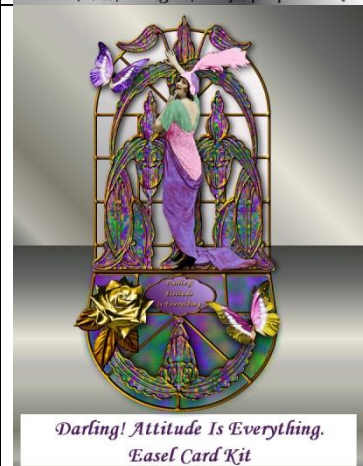

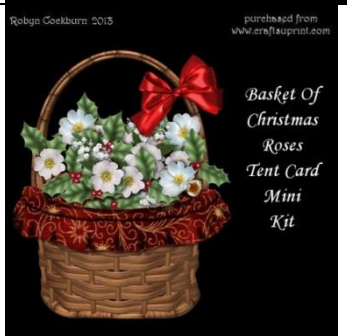

8. Attach the pyramage layers and greeting with thick foam tape..

9. Finished card stands like this.
