

Floral Starburst Pyramid Sheets

Designed by Joan King

www.craftsuprint.com

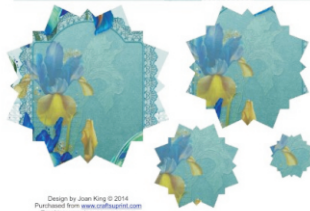

These sheets make an A5 card. Print onto gloss or matt decoupage paper. The gloss does bring out the colours more. Place the base topper onto either the card or a backing sheet of your choice before putting onto the main card using double sided tape. Use foam pads or silicone glue to attach the remaining layers starting with the larger ones first and decreasing in size whilst matching the design. Finish off your card with your own embellishments i.e. gems, ribbons, tassels, bling, glitter etc.

If you wish to put your own greetings label on you can. There are 10 in this series and as they are floral they can be used for any occasion like birthdays, anniversaries, get well, thank you, thinking of you, mother's day etc.
