**Instructions: 8" x 8" Card Blank**

Take 2 sheets A4/Letterize Cardstock. Cut one into 8" x 8" and the other 8" x 9" the extra inch will be the piece that will join them together.

Fold 1 inch over on the 9" side as shown and apply double-sided tape or glue to the area shown in red.

Place the 8"x8" piece over the 1 inch area (shown in red above).

Open out and the inside will look like this.

Score and fold 4" on one side. You can choose to have the join on the inside of the tent area or on the back of the bottom of the card. Folding the side in with the join will bring the join inside the tent area. Fold the other side if you want the join on the back of the bottom.

## MAIN CARD

Tip: Colour any small white areas around the top of the shape with a matching colour Pro Marker Pen or similar for a professional finish.

Apply N:Back Writing Panel to the White Back Writing Panel Position on A:Easel Tent with double-sided tape, glue or 3D Pads.

Apply Handmade Panel to the back of L:Back of Topper if desired.
